PLC Automation & Robotics Programme Seminar Schedule

1St Half

1. Introduction to the Automation : PPT & Video Of Different Plant Automation & Machineries , Duration : 1 Hour

2.   Concept of basic Element of Industrial Automation i.e. PLC , SCADA & Drives ; Duration : 1 Hour

3.   A Brief Technical PPT Overview on PLC , SCADA , Drives System ; Duration : 30 Minutes

……………………………………………………………………………………………………

2nd Half

4.   Programming Technique PLC , SCADA of robotics (Via Software) ;Duration: 1 Hour

5.   Video of Different Plants Applications , Running by Automation System and Robotics System ; Duration: 30 Miinutes .

6.   Question Answer Session ; Duration: 1 Hours

[Mission of AIAT is to provide state of the art Industrial Automation Solution for the Manufacturing Industry & to impart advanced training to working Professionals and Fresh Engineers / Technicians to bridge the gap between Industrial Practical Knowledge & Class Room Meetings.]
