CALL FOR PAPERS

IUT Journal of Advanced Research and Development

IUT Journal of Advanced Research and Development (IUT-JARD) with ISSN: 2455-7846 is a Multidisciplinary Research Journal published by the ICFAI University Tripura, India with the vision to develop empirical research-oriented mindset among young research scholars, academicians, NGOs, small entrepreneurs, and social activists; and to provide them a forum for the presentation through showcasing their outstanding research works. The journal includes original research, awareness information, review articles, short communications, and a scientific survey of all sectors of education, research, and social work. And thus, the journal is devoted and dedicated to the advancement of basic and applied field in all disciplines of research and education. It is multidisciplinary in nature because it aims to bring all the scientific researches together irrespective of research areas and integrate diversified fields of knowledge and research for socio-economic and scientific development worldwide.

IUT-JARD invites original research papers from the diversified streams of studies including but not limited to the field of Management, Commerce, Law, Science and Technology and social sciences for the two Volumes to be published in every year. While preparing the manuscript, authors are requested to strictly comply with the format of the journal which is available on the website provided below.
